

High-level visit to Stockholm Co-location Centres of KIC InnoEnergy and EIT ICT Labs on May 14th

Meet and discuss with

EU Commissioner **Androulla Vassiliou** and Swedish Minister for Enterprise **Annie Lööf**

Through a unique approach of integrating education, research and business in Europe, **EIT ICT Labs** and **KIC-InnoEnergy** aim at producing breakthrough innovations, and to breed top entrepreneurial talent via the transformation of higher education and the promotion of creativity and entrepreneurial spirit.

Sustainable energy supply, intelligent traffic management, and quality of life are just some of the challenges that society, industry and politics will face in the future. **How can we generate world-class business, broader and faster industrialization of research results? What are the challenges faced by industry? What's driving innovation in existing companies and how to create spin offs?**

These are some of the challenging questions discussed and debated at KTH, Stockholm on May 14th at a special Round Table - Panel discussion with EU Commissioner **Androulla Vassiliou** and Swedish Minister for Enterprise **Annie Lööf**. The Panel Discussion is followed by a press event, lunch and visits to KIC-InnoEnergy and EIT ICT Labs premises.

It's with pleasure that we welcome you to this interesting day!

Please register before May 10th by mail to Johanna Gavefalk (johanna.gavefalk@ictlabs.eu) and please let us know if you would like to participate at the lunch buffet.

Welcome!

Prof. Gunnar Landgren
Node Director
EIT ICT Labs Stockholm

Mr. Kenneth Johansson
CEO
KIC InnoEnergy Stockholm

The logo for EIT ICT Labs. It features the lowercase letters 'eit' in a blue, sans-serif font. To the right of 'eit', the text 'Knowledge & Innovation Community' is written in a smaller, green, sans-serif font. Below this, 'EIT ICT Labs' is written in a larger, blue, sans-serif font. The logo is set against a background of three overlapping circles in shades of blue and green.
