1. The Council of Rectors

Main Tasks

▸ Coordination and global representation of its members, respecting the autonomy of each of them

▸ Active collaboration in the formulation of national policies and legislation in education, science and culture

▸ Active advisory and direct participation in public budget preparation for higher education

▸ Contribute to the development of education, research and culture and to dignifying the mission of the university and of its agents, as well as to strengthening networking with similar councils from other countries;
